I, the undersigned, am requesting an exemption from the Soil Erosion and Sediment Control Act of New Jersey, P.L. 1975, Chapter 25 1, based on the following activity (ies):

Check the one that applies:

<input type="checkbox"/>	Commercial construction: total land disturbance = _____ sq.ft. (less than 5,000 sq. ft.). Includes utilities, public facilities, and demolition projects (submit copy of site plan with total land disturbance area outlined).
<input type="checkbox"/>	Construction of a single family dwelling unit which is not part of a proposed subdivision, planned development or construction permit application involving two or more such single family dwelling units (submit copy of plot plan and planning board resolution).
<input type="checkbox"/>	Construction of a single family home within a MINOR subdivision where I do not own or plan to build more than one home at a time (submit copy of plot plan and planning board resolution).
<input type="checkbox"/>	Agriculture (crop farming including orchards) or horticulture (cultivation of nursery stock). This applies only to cultivation and NOT to the construction of buildings, greenhouses, etc.

I understand and agree that if the activity I propose changes from the category(ies) denoted in this application, it will render this exemption **VOID** and will require a re-assessment of my exemption status by the District.

SIGNATURES (Owner and municipal construction official must sign **BEFORE** submission to the District)
